and all for one  
EQUALITY

Our time, our right:  
**WE WANT  
A STOP  
TO VIOLENCE!**

**LESS THAN 40% OF  
WOMEN WHO EXPERIENCE  
VIOLENCE SEEK HELP**

**WHAT DO WE HAVE?**

**Widespread gender-based violence** rooted in unequal power relations, technology offering new spaces for perpetrators, media rife with gender stereotypes.

**WHAT DO WE WANT!**

**Hold perpetrators to account, no exceptions.** Extend services, including to meet long-term needs of survivors. Take a comprehensive approach to prevention to transform social norms and balance power dynamics between women and men. Work with media to encourage non-stereotypical, balanced and diverse coverage of women and girls, and call for technology to help end violence, not facilitate harm.
